CAREER GOALS

To apply my expertise in formal methods, distributed protocols, cyber-physical systems, and avionics systems to investigate and propose innovative solutions to challenging problems in the domain of safety-critical systems.

EDUCATION

Ph.D. in Computer Science (Ongoing) *Expected-May 2022*
Rensselaer Polytechnic Institute, Troy, NY, USA

M.S. in Computer Science *Dec. 2018*
Rensselaer Polytechnic Institute, Troy, NY, USA
GPA: 3.81/4

B.Tech. in Computer Science & Engineering *May 2015*
National Institute of Technology, Agartala, Tripura, India
GPA: 8.01/10

EXPERIENCE

Graduate Research Assistant May 2017 - Present
Rensselaer Polytechnic Institute *Troy, NY*

- Developed the first machine-checked proof of eventual progress for the Synod consensus protocol.
- Developed a failure-aware actor model for formal reasoning about distributed communication in airborne networks.
- Developed a formal library in Athena tailored towards probabilistic reasoning about airborne distributed coordination.
- Developed a formally verified protocol for ensuring sufficient situational awareness in autonomous aircraft.
- Developed a formally verified strategic conflict-aware flight planning algorithm.
- Designed a provably-correct decentralized air traffic management concept of operations for Urban Air Mobility.
- Proposed an approach for integrating formal proofs in the dynamic data-driven applications systems architecture.
- Proposed formal correctness envelopes for dynamic data-driven aerospace systems.
- Developed a data-driven approach for generating high-fidelity emergency trajectories for fixed-wing aircraft.

Research Intern Jun. 2020 - Aug. 2020, May 2021 - Jul. 2021
General Electric Global Research *Niskayuna, NY*

- Worked on DARPA and NASA-funded programs with the High-Assurance Systems team.
- Developed a formal data model for constructing Operational Risk Assessment artifacts (NASA V&V).
- Developed an approach for auto-generating assurance case fragments from the VERDICT toolchain (DARPA CASE).
- Proposed an approach to generate certification reports from the curated RACK database (DARPA ARCOS).
- Developed an SMT-based approach for strategic detection and elimination of aircraft conflicts for Urban Air Mobility.

Graduate Teaching Assistant Aug. 2016 - May 2017, Aug. 2020 - Dec. 2020
Rensselaer Polytechnic Institute *Troy, NY*

- Conducted practical labs, held office hours, proctored exams, and graded assignments and exams for courses such as Computer Science I, Principles of Software, and Programming Languages.

Summer Intern May 2014 - Jul. 2014
Society for Natural Language Technology & Research *Kolkata, India*

- Developed an Android application for generating the shortest/cheapest bus route between two given destinations.

SKILLS

Computer Languages	: over 5000 lines - JAVA, C, Python; over 1000 lines - C++, PHP, Prolog, SALSA, R; familiar with: JavaScript, ErLang, Pict, Haskell, Oz, Scheme, Lisp, Dot
Formal Methods	: Athena, TLA$^+$ Toolbox, SADL-AT, dReal, SMT-Lib, VERDICT
Other Tools	: LaTeX, AADL, SPARQL, JavaFx, GraphViz, Maven, Docker, Github, MS Office, RACK

RELEVANT GRADUATE COURSEWORK

Systems	: Programming Languages, Distributed Computing over the Internet, Operating Systems
Theory	: Design & Analysis of Algorithms, Distributed Systems & Algorithms, Software Verification
ML/Data	: Machine Learning from Data, Xinformatics, Data Analytics, Data Science

HONORS AND DISTINCTIONS

- *Best Paper Award*, Software Development track, at the 40th AIAA/IEEE DASC, San Antonio, TX, Oct. 2021.
- Received the *GE Impact Award* as a summer intern at GE Research, Niskayuna, NY, Aug. 2020 & Jul. 2021.
- Finalist for *Best Student Paper Award* at the 38th AIAA/IEEE DASC, San Diego, CA, Sep. 2019.
- Topper of the CS department at NIT Agartala in the 8th semester of B.Tech., May 2015.
- Secured 1st position in inter-college coding competition at NIT Agartala, 2013.
- Secured 2nd position at Holy Cross School Agartala in Indian School Certificate examination, 2011.
- Secured 4th position at Holy Cross School Agartala in Indian Certificate of Secondary Education examination, 2009.

PROFESSIONAL ACTIVITIES

- Reviewer for UCC 2017, IEEE BigData 2017, AAMAS 2019, and IEEE Cluster 2019.
- Organized laboratory demonstrations for high school students for "STEM Day" at the Worldwide Computing Laboratory, Rensselaer Polytechnic Institute, in 2018 and 2019.

PUBLICATIONS

- **S. Paul**, S. Patterson, and C. A. Varela. "Formal Guarantees of Timely Progress for Distributed Knowledge Propagation", *Proc. of the 3rd Workshop on Formal Methods for Auton. Syst.*, Oct. 2021.
